

Compensation cable KCA 2 x 0.22 mm²

Description

Technical data	
Article name	Compensation cable (KCA) 2 x 0.22 mm ²
Operating temperature	-50...+90 °C
Test voltage	Eff. 1000 V, core insulation resistance: 4.5 x 10 ¹¹ Ohms
Construction	
Pos 1	Compensation alloy for NiCr-Ni, Type KCA (IEC584-3), 2 x 0.22 mm ² (7 x 0.20 mm)
Pos 2	Core insulation of PVC, diameter 1.20 mm (±0.05 mm), cores bunched
Pos 3	Outer sheath out of PVC, diameter 3.85 mm (±0.15 mm)
Color code	
+ Pol	Green
- Pol	White
Jacket	Green
Article number	0230 0191

The compensation cable (KCA) 2 x 0.22 mm² for thermocouples type K is for the area of temperature measurement. Furthermore, it is conform to IEC 584 standard.
